### CAREER OBJECTIVE

---

Aspiring to work in an organization where I can contribute and add more value to the organization. At the same time, I prefer to enhance my knowledge with new skills to keep pace with the changing world which will also help for a significant contribution to the success of the company.

### SKILLS

---

**Languages:** JavaScript, TypeScript.

**Frameworks:** React js, Redux, RTK Query, Next js Bootstrap, Tailwind, Daisy-UI, Material-UI, Ant-design.

**Technologies:** Node js, Express, AWS, SQL, PostgreSQL, Prisma, Docker, GraphQL, MongoDB, Jest.

**Tools:** Git, Github, Netlify, Heroku, Vite, Npm, Yarn, Chrome-Devtool, Postman, Figma.

### TRAINING / COURSES

---

- Complete Web-Development Course From Programming Hero, (From July 2021 to December 2021).
- Basic Web-Design Course From 10 Minute School, (From April 2021 to Jun 2021).
- Certificate in English Language From Aptis British Council, (From January 2022 to July 2022).

### PROJECTS

---

**Tesla Car ---** (Full-stack) [Live](#) | [Client](#) | [Server](#)

- Users can log in via email/password and Google with firebase authentication.
- Admin can add new services and can cancel orders of all users.
- Users can only see their own order and can cancel orders of their own.

**Technologies:** React JS, React Bootstrap, React-Router, Node JS, MongoDB, Express JS, Context API, Firebase.

**Dream Travel ---** (Full-stack) [Live](#) | [Client](#) | [Server](#)

- People can purchase their preferred travel and start explore.
- In the service section I used the REST API to get data from the server side.
- To switch pages there was not any refreshing because I used the react router.

**Technologies:** React JS, React Bootstrap, React-Router, Node JS, MongoDB, Express JS, Context API, Firebase.

**Travello ---** (Frontend) [Live](#) | [Client](#)

- Awesome modern frontend travel website.
- Added six different sections.
- SPA simple website with smooth scrolls.

**Technologies:** React JS, React Bootstrap, React-Router, Node JS, MongoDB, Express JS, Context API, Firebase.

### LANGUAGES

---

English (Professional), Bangla (Native).
